## WORK EXPERIENCE

July 2019 – Present, 3 roles:

**Quality Control Assistant, Domretor Oy | Kauhava, Finland**

**Key responsibilities:**

- Daily Inspection of the facility, equipment, products, and packaging materials.
- Sample preparation and handling.
- In-house control and documentation monitoring.
- Archive management and improvement.

**Current Projects:**

- Inventory Database Management:
  - I am developing a fully customized bar code driven IDM system which utilizes Microsoft Access, Excel, and Visio.
  - Programed to work directly with the company's ERP to provide a more efficient way for inventory control.
  - This program has passed all preliminary test and is expanding within the company.
- Archive management:
  - When building this program my focus has been easy document retrieval. The documents must be organized in a way that access to those documents is simple and efficient. I have consistently worked to maintain and improve the archive as the company's needs have evolved.

March 2022 – March 2023

**Employee Trainer & Factory Worker, Domretor Oy | Kauhava, Finland**

**Key responsibilities:**

- I provided training in both English and Finnish language.
- I worked directly with new and tenured employees.
